

April 7, 2021

Dear Yeshiva Family:

The Yeshiva Schools scholarship application materials are now available online. This year, we are again using the services of the FACTS Management Company for our scholarship application. FACTS provides this service to similar institutions in Pittsburgh and across the country.

Please complete the online application form by clicking <http://online.factsmgmt.com/aid>. In the online process, you have the ability to upload your most recent tax return and pay statements. Alternatively, the documents can be submitted to the Yeshiva Schools business office. Please complete the scholarship application and submit your tax return and pay statements no later than **Tuesday, May 11, 2021**.

The cost for children attending The Early Learning Center can further be reduced by the state’s CCIS/ELRC (Child Care Works - Early Learning Resource Center Subsidized Child Care Program) and Pre-K Counts programs. Information regarding CCIS/ELRC and Pre-K Counts is also attached.

For those families completing the scholarship application by May 11, Yeshiva Schools will cover the \$35.00 fee charged by FACTS. Those families who miss the deadline will have to pay the \$35.00.

We realize that the COVID-19 crisis continues to cause financial uncertainty for many families. Please complete the application as best you can. In the months ahead, any necessary updates for changing financial circumstances will be handled in a thoughtful and compassionate fashion.

For questions about scholarship policies, please contact us at [scholarships@yeshivaschools.com](mailto:scholarships@yeshivaschools.com). Thank you for your cooperation and for choosing Yeshiva Schools of Pittsburgh.

Sincerely,

The Scholarship Committee,

Yosef Goldberg, Eytan Rosenthal, Miriam Shkedi, and Adina Waren
