

Gift Recognition Opportunities

In grateful recognition of gifts made through The Keystone Campaign, Yeshiva Schools of Pittsburgh will honor donors with a limited number of naming opportunities on its three campuses. The gift values related to each naming opportunity are reflective of the visibility and desirability of the space or facility and may have no connection to the actual cost of construction or renovation. Recognition is offered in perpetuity, defined as the useful life of the space or facility. At some time in the future if the space is repurposed or demolished, all appropriate plaques or signage will be relocated to a place of honor. A signed irrevocable gift agreement is required before any facility or space is named in recognition of a donor. In addition, all gifts of \$5,000 or more will be recognized on appropriate signage in a central location.

Unit #	Space or Facility	Donor Value	Notes
